

THE BEST FAKE TAN EVER

If you want to play it safe and go with something subtle, be nating gradual tan sure to check out Tan Luxe's The Butter. The illuminating gradual tan is ultra-nourishing.

Then it comes to finding your favourite fake tan there are whole bunch of things to consider, firstly the shade do you want a light glow or a deep bronze? To the formula, are you a fast-drying mousse fan, or do you prefer a nourishing lotion? There are a lot of options out there, so we've been busy bronzing our limbs in the name of research, to bring you a guide to the very best fake tans in the UK.

If you want to play it safe and go with something subtle, be sure to check out Tan Luxe's The Butter. The illuminating gradual tan is ultra-nourishing (just like your go-to body butter) but with the added bonus of a buildable glow. After a couple of applications you'll have a light sun-kiss, keep building up and it'll develop into a deeper tan. If you're after an instant bronze boost, Rimmel's SunShimmer Water-Resistant Instant Tan is an oldie-but-a-goodie. It gives a dreamy golden shade that's super-flattering, plus, it can be used on the face and body, so doubles up as a cream bronzer.

So, whether you're looking for the best gradual tanner, an instant fake tan that won't go streaky, or, a long-lasting self tan that promises zero patchiness - these are the highest-rated body bronzers out there.
