## **IGNATQUE PES INATQUE**

ou have probably heard something about algorithms in real life. Simply put, it is a step-by-step sequence of actions you need to perform to achieve a useful result. It can be an algorithm for cooking a sandwich described by a recipe or an algorithm for getting dressed according to tods weur mood.

You have probably heard something about algorithms in real life. Simply put, it is a step-by-step sequence of actions you need to perform to achieve a useful result. It can be an algorithm for cooking a sandwich described by a recipe ocording to tods weur mood.
